Why G.I.F.T. Inspirational Greeting Cards?

In 1916 the first Hallmark greeting card was introduced. It read, "I would like to be the kind of friend you are to me." From that time until now, giving greeting cards to others has been a way to bind relationships, deepen friendships and to bring people together with the ones they love.

However, for many in our current fast-paced society, taking the time to select the perfect card, writing a note inside, signing it, giving it or sending it has become somewhat of a lost art. Instead, the traditional greeting card has been replaced with downloadable, animated, quick e-mail versions of a card known as the e-card. These technology generated messages can be selected from a series of templates where a name is inserted and at the click of a button, one version of the same card can be sent to multiple people all at one time.

While e-cards can serve to brighten someone's day or garner a smile or a laugh, these electronic quick fixes do not replace the anticipation, expectation, exhilaration and appreciation in opening a card given or sent with messages that have seemingly been written specifically for the recipient. E-cards cannot be placed on a mantle, a desk or a night stand. They cannot be placed in scrap or memory books to be cherished for years to come.

They simply cannot replace the real joy of giving and receiving heartfelt messages of inspiration, support, celebration, and encouragement found in conventional greeting cards. With this realization, I wanted to inspire others to give. I wanted to encourage them to take the time to be a blessing to others. As a result, I was inspired to create G.I.F.T. (Growing In Faith Today) Inspirational Greeting Cards.

G.I.F.T. Inspirational Greeting Cards are not the typical grocery or drugstore card. Each message in each card is divinely inspired by God to meet the recipient of the card right where they are.
